

UEC ASEAN Research and Education Center (UAREC)

The company consults UARC Technology Consultation Office, and then UEC faculty member will give them some advice or guidance based on his/her knowledge of education, research or technological special knowledge by free of charge. Since we expect that the consultation would be evolved to joint research and development in the future, we are going to promote our activities further.

UAREC Technology Network

Becoming a member

Network for the companies which wish to obtain the support from UAREC Technology Consultation Office

Future developments

1. Strengthening collaboration with Bangkok Branch of Tokyo Metropolitan Industrial Technology Research Institute
2. Strengthening of partnership with Thailand National Science and Technology Development Agency (NSTDA)
3. Establishing the networks with other universities

UEC encourages to do the following to expand our collaboration in Vietnam, Indonesia and Malaysia ; 1) establish branch office of UAREC and 2) promote the collaboration with other universities in Japan further.
